Silva 002 Beige

Ref. 22146

The Silva curtain fabric, designed by Equipo DRT, represents an innovative proposal for interior design that combines functionality and texture. This fabric stands out for its weave that forms small curved elements, which achieves a balance between sophistication and contemporaneity. Its washable composition makes it easy to maintain, ensuring that it looks impeccable over time. In addition, it incorporates a counterweighted edge, a detail that guarantees a good fall and a professional finish.
